

# Hoist Leasing Services

UTC Aerospace Systems introduces an innovative approach to financing our Goodrich rescue hoists.

Our leasing packages, combined with our structured service and maintenance packages, are tailored to meet the needs of customers, eliminating large, unscheduled capital expenditures.

With the leasing services program by UTC Aerospace Systems, our customers now have access to a “one stop shop” for all your financing, service and maintenance needs.

## Benefits & Features

- Flexible lease and rental options tailored to meet the needs of your business
- Distribute Total Cost of Ownership by incorporating training, service and maintenance over the lease term
- Highest quality products and technological expertise from across our organization, so you have the resources you need, when you need them
- Flexibility to extend, purchase or return your equipment at lease end to keep you up and running
- Worry-free equipment ownership, allowing you to focus on your mission-critical cargo
- Priority access to rotatable pool assets based on availability and lease agreement, to reduce downtime and stay mission ready
